

carado

The New Movement.

I used to spend my time waiting for my next holiday to begin – until I realised that my holiday can start when I want.

Taking my home away from home to my favourite locations.

Holiday to me is being on the go.
Feeling free to go on new adventures.
Exploring far-off places while being
close to home.

The new Semi-Integrated models
from page 14 onwards

Let's pull over, I'm hungry.

Forget the hotel buffet and the queues of other hungry guests. What I really enjoy is the freedom to eat what I want, when I want.

 The new Overcabs
from page 26 onwards

 The new Integrated models
from page 32 onwards

I want to travel to places that I've
always dreamt of. To try things
I've always been curious about.
With the people closest to me.

**Life is a
journey, not a
destination.**

Model	Fiat Ducato
Basic engine	2.3-I-Multijet
Engine power kw (BHP)	96 (130)
Technically permissible maximum laden weight (kg)	3,495
Possible load capacity (optional, kg)	3,850
Trailer load 12 % braked/unbraked (kg)	2,000 / 750
Tyres	215 / 70 R 15 C
Water supply incl. boiler / wastewater tank (l)	122 (20) / 92
Battery / charger (Ah/A)	95 / 18

What drives me: the basis for all Carado models.

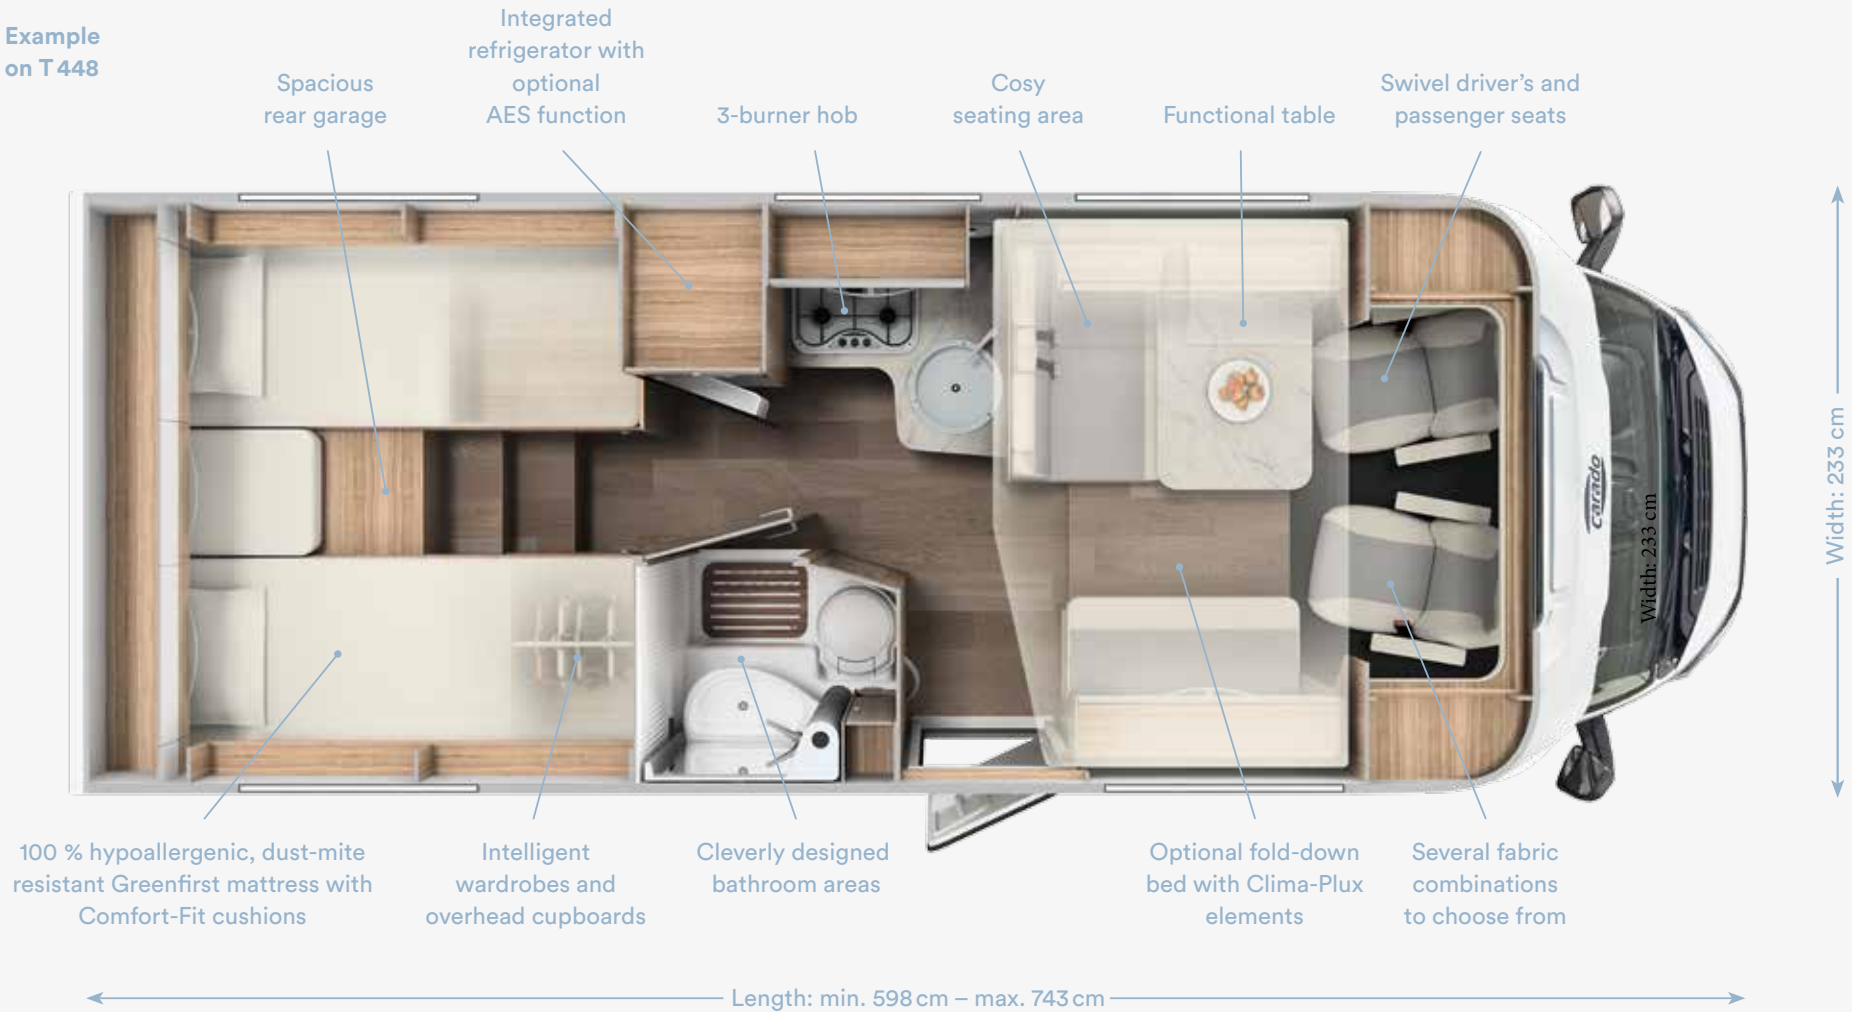

The chassis

The Fiat Ducato is the safe and reliable chassis for my motorhome. And the facts speak for themselves: 2.3-I-Multijet with 96 kW/130 BHP, multi-jet direct fuel injection, Euro 6 exhaust emissions standard, ABS, EBD, wide-track chassis for excellent driving stability and on-board computer – just some of the technical specifications which make the Ducato the perfect motorhome model.

The design

Carado then adds its own style to the chassis to create different motorhome models that all offer exceptional quality of finish. The exterior of the roof and rear are made

Example
on T 448

of glass-fibre-reinforced plastic (GRP) and come with a 5-year water ingress warranty*, and the side panels are made of aluminium sheet metal. Other high-quality features include electric steps with the A and T

models, spacious rear garage, exclusive doors and double-glazed windows. Everything you would expect from a Made in Germany product. See the price list for more technical details.

* The water ingress warranty conditions of Carado GmbH apply

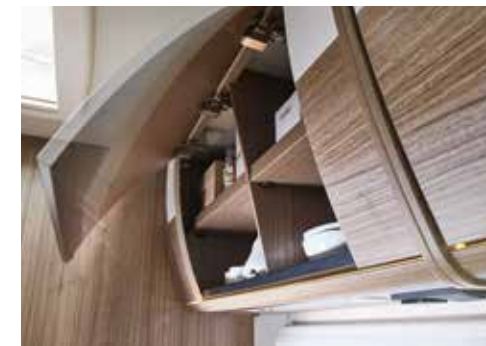

My spacious, light-filled loft.

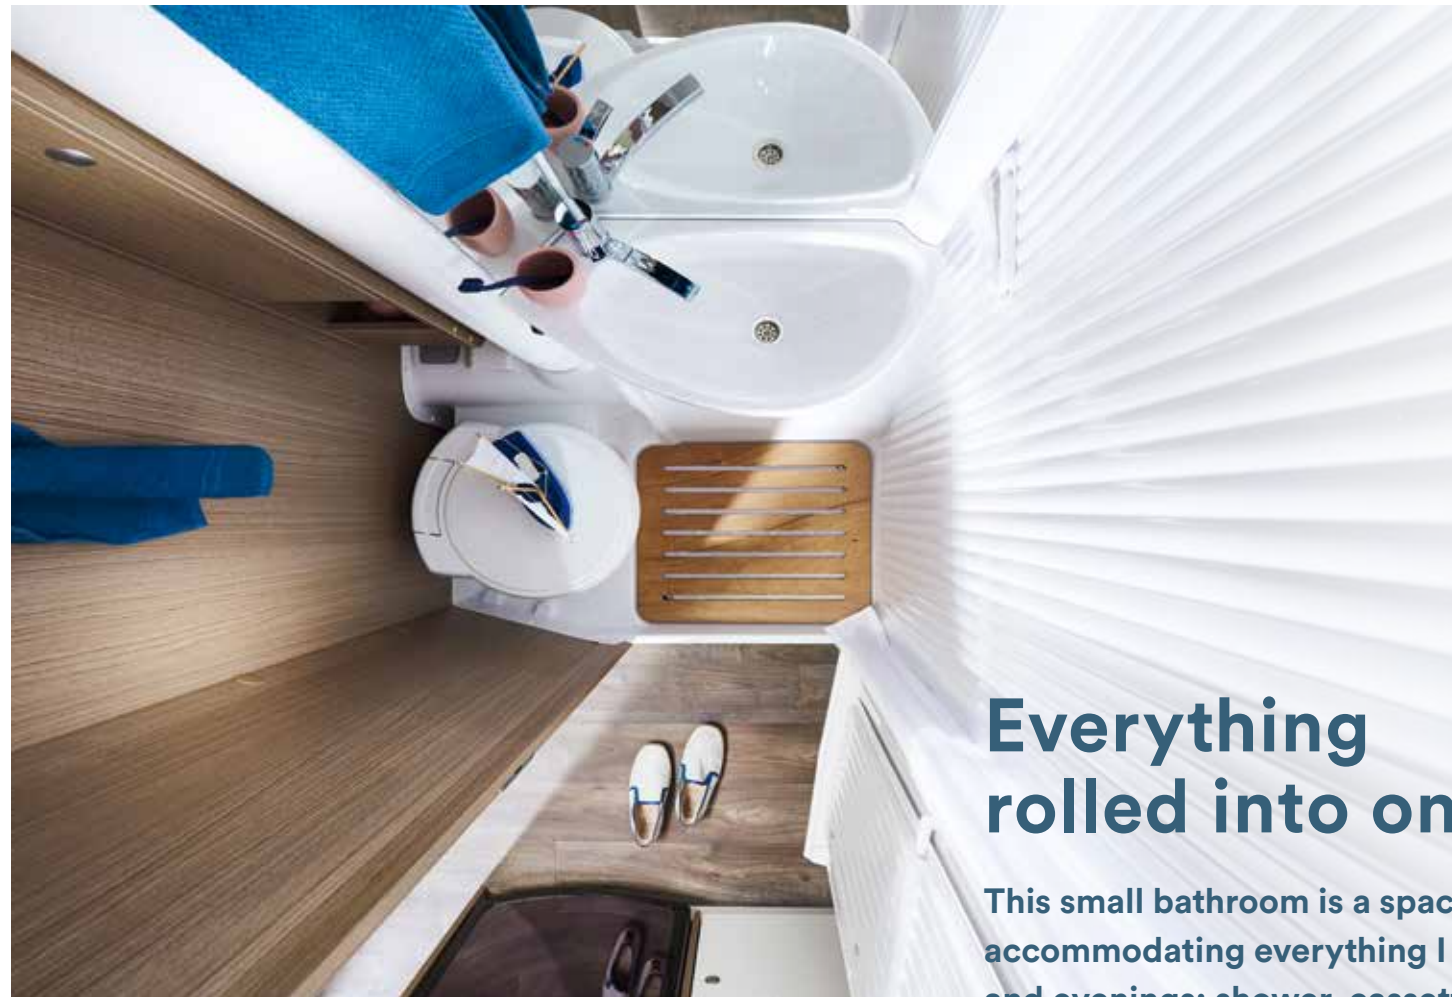

The living area is my home away from home on holiday with comfortable and perfectly crafted upholstery, cleverly designed storage compartments and shelves, pleasant LED lighting and of course the most indispensable item – the people with whom I share my holiday.

My dream on four wheels.

High-quality cupboards, storage compartments, upholstery and beds with slatted frames or Clima-Plux elements (in the pull-down bed). A place where I like to fall asleep dreaming of tomorrow's adventures.

Everything rolled into one.

This small bathroom is a space-saving wonder accommodating everything I need mornings and evenings: shower, cassette toilet, rotating wash basin and cleverly designed cupboards.

My kitchen oasis.

Whether in France, Italy or Spain – no matter where I choose to cook, my kitchen assists me with high-quality built-in appliances and ergonomic worktops.

Semi-Integrated

An eye for good taste,
even on holiday.

	T 132	T 334
		
L / W / H (cm)	598 / 233 / 291	699 / 233 / 291
Interior height (cm)	195	210
Mass (kg)	2,645	2,810
Wheelbase (cm)	345	404
Number of passengers permitted	4	5
Sleeping berths	2	3

Semi-Integrated
Transverse bed at rear

Why not turn things around on your holiday? The sideways bed at the rear provides a spacious interior sleeping area despite the compact motorhome length.

- 1 View of the spacious transverse bed at the rear
- 2 The black glass cover can quickly transform the 3-burner hob and sink into a worktop
- 3 Driver's and front passenger seats can be turned around to the living area
- 4 Plenty of light and fresh air in the front sleeping berth thanks to the roof hatch

- 1 The absorber refrigerator with freezer compartment built into the kitchen
- 2 Additional seating and practical storage compartments
- 3 The kitchen with ergonomically designed worktops and high-quality built-in appliances
- 4 View of the comfortable living area with driver's and passenger seats turned to face the dining table

	T 135	T 348
		
L / W / H (cm)	598 / 233 / 291	683 / 233 / 291
Interior height (cm)	195	210
Mass (kg)	2,715	2,730
Wheelbase (cm)	345	380
Number of passengers permitted	4	5
Sleeping berths	2	3

Semi-Integrated
French-style bed at rear

The French-style bed at the rear offers a clever interior design in my Semi-Integrated model with plenty of space for sleeping and recharging my batteries, giving me more space for my holiday.

- 1 The French-style bed at rear with numerous intelligent storage compartments
- 2 View from above of multi-functional bathroom, on the left next to the bed
- 3 The kitchen in the T 348 with high-quality overhead cupboards

	T 339	T 449
		
L / W / H (cm)	699 / 233 / 291	743 / 233 / 291
Interior height (cm)	210	210
Mass (kg)	2,810	2,895
Wheelbase (cm)	404	404
Number of passengers permitted	4	5
Sleeping berths	4	5

Semi-Integrated
Queen-size bed at rear

This type of bed is fit for a queen but fitted within a king-size bedroom fitted into my motorhome. The double bed is in the centre at the rear and can be accessed from both sides. It's amazing how much room you have available in such little space.

- 1 Queen-size bed at the rear; entrance to the bathroom at the front left
- 2 View of the sleeping, cooking and living area
- 3 The large pull-down bed at the front, optionally available for the T Series
- 4 Driver's seat and front passenger seat can be turned around to complete the seating area around the dining table

	T 337	T 447	T 448
			
L / W / H (cm)	693 / 233 / 291	743 / 233 / 291	738 / 233 / 291
Interior height (cm)	195	210	210
Mass (kg)	2,795	2,895	2,815
Wheelbase (cm)	380	404	404
Number of passengers permitted	4	5	5
Sleeping berths	2	3	3

Semi-Integrated
Single beds at rear

- 1 + 2 The single beds at rear, can be pulled out to create one large lounging area
- 3 The adjustable table with seating group
- 4 + 5 In the Carado Vario bathroom, the wash basin can be quickly transformed into a shower

I'll never get out of bed on the wrong side on holiday! With two single beds I never have to sleep alone and still have enough space for my sweet dreams. The perfect night's sleep for the perfect holiday.

Overcabs

My space for my family. And lots of adventure.

	A 361	A 461
		
L / W / H (cm)	663 / 233 / 310	723 / 233 / 310
Interior height (cm)	195	195
Mass (kg)	2,835	2,905
Wheelbase (cm)	380	404
Number of passengers permitted	👤👤👤(👤👤)	👤👤👤(👤👤)
Sleeping berths	👤👤👤👤👤	👤👤👤👤👤

Overcab
Bunk bed at rear

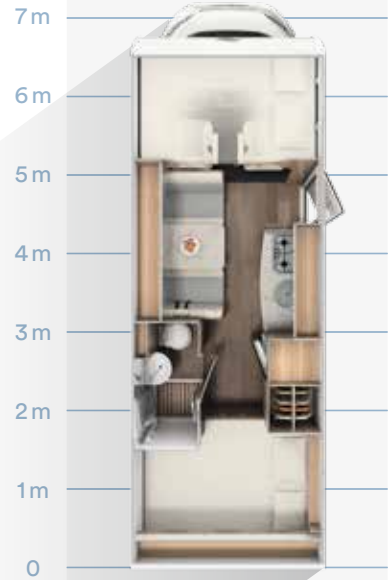

The drop-down overcab bed above the driver's cab is perfect for those who need ample sleeping space. Combined with the bunk beds at the rear, the overcab bed makes this motorhome ideal for parents and children alike.

- 1 The spacious bed above the driver's cab
- 2 View of the bunk bed in the rear
- 3 Enough space for the whole family with up to six sleeping spaces and a large dinette.

A 464

Interior height (cm)	195
Mass (kg)	2,915
Wheelbase (cm)	404
Number of passengers permitted	⚧⚧⚧⚧ (⚧⚧)
Sleeping berths	⚧⚧⚧⚧⚧⚧

Overcab
Transverse bed at rear

My Overcab with transverse bed at the rear offers an amazing variety of possibilities: enough space for two couples. Two generations. Or simply four good friends.

- 1 With its transverse bed at the rear, the Overcab model features two large sleeping areas
- 2 Attention to every detail: power outlet for the electric bike in the rear garage
- 3 View from front to rear of the living, dining and sleeping area
- 4 Bathroom from above with shower, cassette toilet and basin

My freedom
on four wheels.

Integrated Queen-size bed at rear

Fit for my queen: The freestanding double bed at the rear turns it into a separate bedroom.

- 1 The queen-size bed at the rear can be accessed from both sides
- 2 Cupboards on the left and right of the bed
- 3 The high-quality table with complete seating group
- 4 View of living and sleeping area in the Integrated model

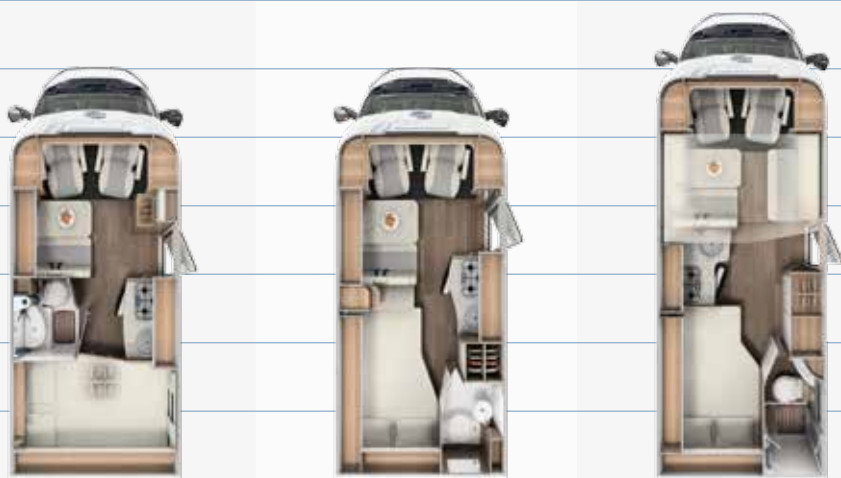

All options at a glance

Carado offers a wide range of design and layout options depending on the space required and your family situation. Whatever model you choose – you are guaranteed a smooth and comfortable ride.

- Height adjustment on passenger seat

Chassis Comfort Package

- FIAT original 16" alloy wheels
- Leather steering wheel and gear knob
- Instrument panel with chrome rings
- Dashboard with applications (Techno Trim)

Highlights

Holds what needs holding

The magnet on the toilet lid.

All items stored safely

The locks for the stowage compartment doors feature a pull-in function.

Rugged all-weather protection

Hail-proof, long-lasting and weather-resistant: the high-strength Carado composite roof and rear end made of glass-fibre reinforced plastic (GRP). With a tried-and-test sandwich design combined with 34 mm-thick insulation, it braves wind and weather.

Give moisture no chance

All vehicle doors and all outside stowage compartment panels and doors are protected from rain and splash water by additional splash water seals. This means that moisture cannot enter between the door and frame and freeze solid in the cold.

Awning

The lightweight and elegant articulated awning offers the perfect protection from sun and rain with its 3.5 m, 4 m or 4.5 m length and 2.5 m width.

- Optional extras

Three-piece, sporty, and maintenance-friendly

Modern design is not the only thing the new tail lights have to offer. Damaged lighting elements or a damaged centre piece can be replaced separately. This saves you from having to make complex and costly repairs.

Attractive entrance and exit, but not for insects

Do you want to enjoy summer evenings with the door open? No problem, thanks to the integrated insect screen. The look of the high-quality entrance door seamlessly matches the room design, including refined closing system and ergonomic door handles.

Gas bottle locker

The 11 kg gas bottles are secure here. You won't hear even the slightest clanking sound while on the road. When they are empty, you can replace the gas bottles quickly and easily.

Refrigerator

The kitchen can be optionally fitted with an extra large refrigerator with AES function: 167l of capacity including a separate 29l freezer.

- Optional extra

Refrigerator in the dashboard

Refreshment is only an arm's length away. Even while you're on the road.

Charge your batteries – and those of the electric bike

The 230V and 12V power outlets are located at convenient positions in the motorhome: there is one in the rear garage (in the Basic Package) especially for the electric bike.

Always in control

Standard multi-purpose holder on the dashboard for tablets and mobile phones with suitable USB port.

Energy-saving LED lighting

State-of-the-art and indirect LED lighting reduces power consumption and increases the runtime of your battery by several hours.

New: USB port in the living area

The USB ports in the living area can be used to charge smartphones and tablets where you need them most often.

Flexible entertainment

The swivel TV holder adjusts to different sitting positions and viewing angles.

- TV and holder are optional extras

Move, swivel, lower

You can move the table in the L-shaped seating group in every direction and even rotate it 180°.

- T 447 • T 449 • I 447 • I 449

And at night you can lower it easily to transform the seating group into an additional bed.

- Optional extras

Space for passengers

The bench seat next to the entry door can be converted into a fifth seat with integrated safety belt.

Optional for models

- T 334 • T 348 • T 447 • T 448 • T 449
- I 447 • I 449

Stylish and colour fast – for years

Thanks to the long-lasting upholstery fabric, your furniture will continue to look good for many years, because of both its elaborate decorative stitching and its protection against bleaching from exposure to light.

Simpler, lighter and more convenient: the new fold-down bed

Thanks to the new mechanism, the fold-down bed is easier to lower. It rests stably on special supports so you can sleep in peace. The Clima-Plux elements ensure even greater lounging comfort and excellent mattress airflow.

Optional extras:

- T 334 • T 339 • T 348 • T 447
- T 448 • T 449

Standard equipment:

- I 447 • I 449

Nice to know that I can leave my allergy at home

The mattress is certified to be 100% resistant to house mites and is now available in all Carado motorhomes.

Stowed well means twice the space

Large overhead stowage compartments provide additional storage options. This makes optimal use of space in the motorhome – allowing everything to find its place. The panels close tightly and are convenient and stylish with wide stainless steel handles for a stable and comfortable soft-close.

In the right place

A spacious and easily accessible wardrobe is located under each of the single beds. See what's hanging at the back by simply pulling the clothes rail out and grab what you need.

- T 337 • T 447 • T 448 • I 447 • I 449

Space for bulky items

Bicycles, camping furniture and other bulky items fit easily next to each other in the large rear garages.

- T 132 • T 334 • T 337 • T 447
- T 448 • A 464 • I 447

Room for shoes

The side seat conceals a practical stowage flap. It is conveniently accessible from the entrance area – ideal for quickly changing shoes when entering and exiting.

stowage panel recessed into the platform in some models features additional room for small items.

- T 334 • T 339 • T 447 • T 448 • T 449
- I 447 • I 449

Our motorhomes are full of nice surprises.

For creative freedom that fits. We design our Carado Original Accessories at the same time as we develop our vehicles. Every product has a shape, technology and design which is perfectly matched to the respective Carado model. For even more freedom and that Carado feeling.

Carado exterior insulated screen cover
